

Google Classroom

A Parent/Guardian Perspective

Google Classroom's purpose is to facilitate paperless communication between teachers and students and streamline educational workflow. Classroom allows teachers to create classes, post assignments, organize class content, and view work in real-time.

What is Google Classroom?

Google Classroom is a **web-based** learning environment. When logged into Google Classroom, students can **collaborate** with their peers and teachers. Google Classroom offers a **digital safe space** for students to view class announcements, access posted course content, view posted assignments, and turn in completed work. Only **authorized Wantagh users** (students, teachers, and other designated staff members) can have access to a Wantagh Google Classroom. Google users outside the Wantagh network are not granted permission to any Wantagh Google Classroom.

How can I access

my child's Google Classrooms?

1. Chromebook	2. Any computer	3. Mobile App
<p>From the school issued Chromebook, you may ask your child to login with their @wantaghschools.org Google account and launch the Google Classroom App.</p>	<p>Have your child sign into Google with their @wantaghschools.org Google account to access his/her Google Classrooms.</p>	<p>Login to your child's @wantaghschools.org Google account and always stay up to date by receiving notifications when there is new content posted in Google Classroom.</p>

Signing into Chromebooks

- Enter your child's **Wantagh email address** on the blue line.
- To do this, you will type your child's **last name** and **first initial**.

Example 1:

Student name: **John Smith**

Wantagh email address:
smithj@wantaghschools.org

- If a child's first name starts with the same letter as a sibling's first name, you may need to add the **second letter** of their **first name** when signing in.

Example 2:

Student name: **James Smith**

Wantagh email address:
smithja@wantaghschools.org
