Technology Committee Members

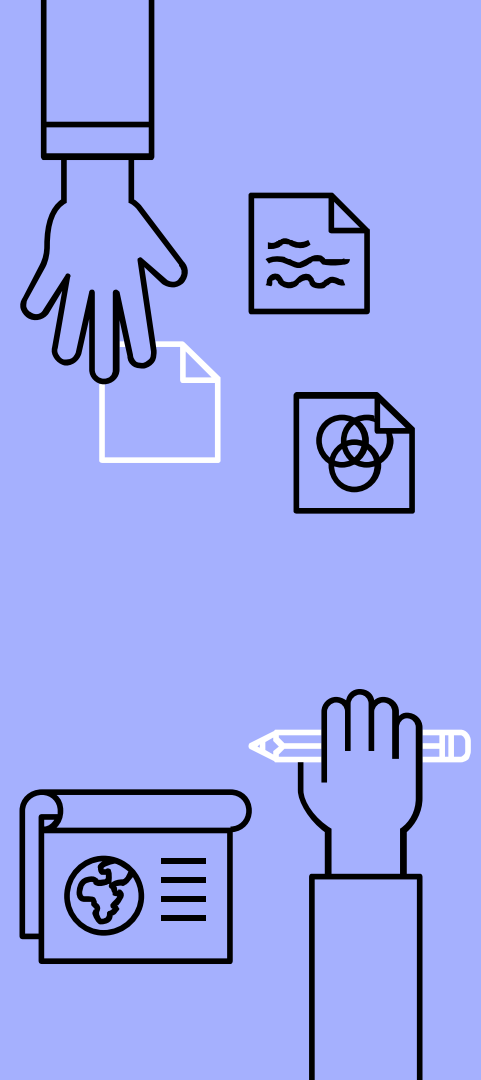

John McNamara, Co-Chair
Penny Curry, Co-Chair

Sameerah Cassidy
Anthony Ciuffo
Kim Davis
Courtney Eisenzapf
Mario Espinoza
Joy Giangrande
Erin Joyce
Danielle Luke
Nick Pappas
Marie Pisticchio
Nancy O'Connor
Stacey Vespe

Tech Committee Goal

Create a comprehensive technology plan to address the management of all technology resources for students and staff. This plan will include a multi-year approach to updating and replacing existing technology infrastructure and an ongoing plan to proactively replace equipment before it reaches failure. This plan will also be integrated with the instructional vision of the district to support faculty and staff with implementation of technology in a way that best supports instructional goals.

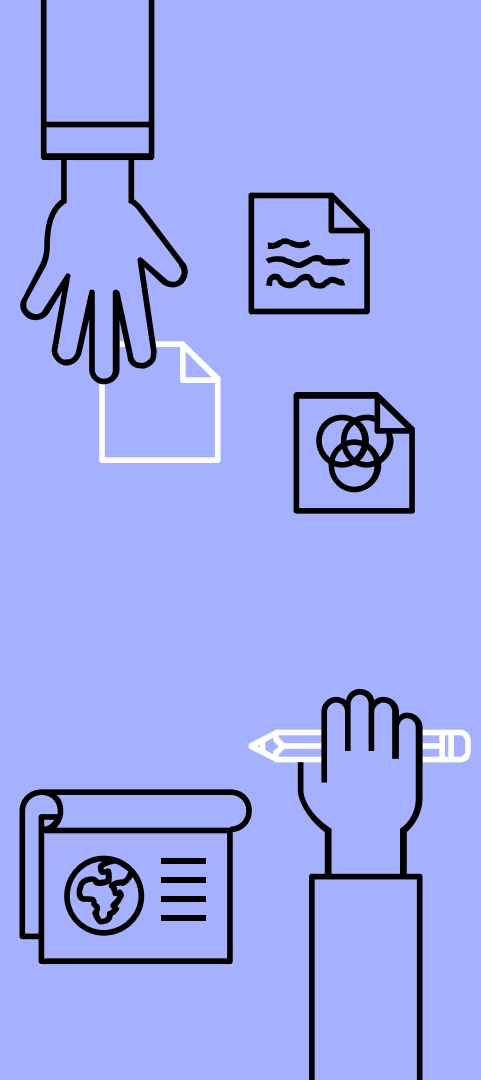

Committee Focus

The technology committee will focus on several areas. First, the development of a multi-faceted communication plan that addresses the district website, mobile app, teacher messaging, and many others.

Second, the identification of critical technology skills that all students should develop proficiency in and embedding those skills in a developmentally appropriate way at each grade level.

Third, the long-range replacement plan for technology infrastructure.

Sub-Committees

- ▶ Infrastructure, Support and Security
- ▶ K-12 Technology Curriculum Integration and Software Review
- ▶ District Website
- ▶ Communication Planning

Infrastructure, Support and Security

- ▶ Prioritizing infrastructure needs and develop a long range plan for replacement
- ▶ Review current support levels and make recommendations regarding structure and process
- ▶ Review existing network security and make recommendations to strengthen current protections

K-12 Technology Curriculum Integration and Software Review

- ▶ Identify the technology skills that all students should have upon graduation and embed age appropriate goals at each grade level
- ▶ Review all current instructional software and make recommendations for a process to review requests

District Website

- ▶ Transition to a new district website and create a timeline for implementation
- ▶ Review survey information and provide feedback and recommendations

Communication Planning

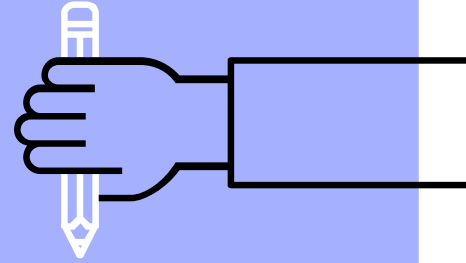

- ▶ Survey staff and create a timeline for the development of universal communication platforms K-5 and 6-12 to communicate with students and parents electronically
- ▶ Make recommendations for best platforms to use across the district

Future Meeting Dates:

March 3, 2020

April 28, 2020

Thank You!
