## About

Resources for Children with Special Needs (RCSN) is the lifeline for tens of thousands of NYC families annually with children and youth (ages birth to 26) who have special needs of any kind.

We help NYC families and youth develop the knowledge, skills, and confidence to make informed decisions, access and navigate challenging systems and services, and advocate for themselves and other young people. RCSN helps educators and other professionals effectively partner with families, and brings a family voice to the policy process.

A federal Parent Training and Information Center, RCSN also leads the New York State Special Education Parent Centers for Manhattan and the Bronx.

One of the goals of RCSN is to help ensure that children and youth with disabilities and special needs enjoy successful, productive summers. We hope that *Camps 2013* will help parents, caregivers and professionals locate appropriate summer programs.

*Camps 2013* includes day, sleepaway, remedial and travel camps, and other summer programs, and information on many special programs in New York City for young children and teenagers.

**Disclaimer: Please note that RCSN is not a certifying agency, but an independent, not-for-profit organization. We are not recommending any camp or program. We advise parents to make careful and educated decisions in selecting an appropriate summer program (see "Suggestions and Questions When Selecting a Camp" below).**

*Camps 2013* is intended to serve as a source of current information. The program descriptions were submitted by the camps themselves. We advise you to call to confirm details and the most current dates and fee information.

We encourage parents, caregivers and professionals to do their own research in locating new programs and hope they will share this information with others. We welcome any new resource information and feedback.

Have a great summer!

## Questions to Ask When Selecting a Camp

A summer spent at a day, sleepaway or travel camp should be a productive living and learning experience. It can be fun and healthy, and can provide opportunities to develop new skills and friendships. A camp experience may have a great impact on a child's life, so it is important for parents and caregivers to make a careful decision in choosing a camp. Not every camp meets the needs and abilities of every child.

Since you are the consumer, you have a right to ask any question you wish so that you can better understand a camp program. Some of the questions you may want to consider are listed below.

---

### *You and Your Child*

- What do you want for your child from a camp experience? Improvement in specific areas: language, reading, gross motor skills, social interaction, skills of daily living, etc.?
- What does your child want out of his or her camp experience? A good time? New friends? New skills?
- Is your child ready for a day camp?
- Is your child ready for a sleepaway camp?
- Has your child ever spent time away from home overnight at a friend's or relative's home?

---

### *Director and Staff*

- Who is the director? What are his or her qualifications?
- What kind of screening process is used to select staff?
- What are the qualifications of the staff members: education, age, training? How are they supervised?
- If there is an educational or remedial program, is it staffed by licensed professionals?
- What is the professional staff-to-camper ratio: senior counselors, waterfront staff, therapists, medical personnel?

- Who are the medical staff: doctor, nurse?
  - What is the percentage of returning staff?
- 

## *Camp Program*

- What is the overall philosophy of the camp? What are the goals for the children?
  - What is a typical day like? What are the activities? Do children have a choice of activities?
  - Is one-to-one assistance or instruction provided for some activities?
  - How is the waterfront program run? What are the qualifications of the waterfront staff? What are the safety procedures? How often do children swim?
  - Are activities varied for different age groups and abilities?
  - What do children do on a rainy day? Do they stay in camp or go to other facilities?
  - What is the range of abilities and special needs of the campers?
  - How does the program meet individual needs and differences?
  - How are behavior problems addressed?
  - What is done to deal with a child's fear or resistance to a particular activity, e.g., swimming, horseback riding, boating?
  - What is the percentage of returning campers?
- 

## *Camp Setting*

- What is the overall appearance of the camp?
  - What are the facilities like for indoor and outdoor sports and games? Are they accessible for children with physical disabilities?
  - Where are the kitchen and dining areas? Do campers and staff eat together?
  - Are buildings and equipment safe, well-lighted and in good repair?
  - Do children sleep in tents? Cabins? Where are bathroom and shower facilities? Are they kept in sanitary condition?
  - Is there plenty of equipment in good condition?
  - How many counselors live in each of the cabins or bunks?
- 

## *Other Things to Consider*

- Is the camp licensed by the NYC Department of Health & Mental Hygiene, or the American Camping Association? (For a comprehensive list of camps licensed by the Department, please visit: <http://www.nyc.gov/html/doh/html/camp/camp.shtml>.)
- What is a typical menu? Who prepares the food? Are provisions made for special dietary needs?
- What medical facilities are available at the camp?
- What procedures are in place for the administration of medication?

- What procedures are in place for medical emergencies?
- How does your child get to camp? Is transportation provided?
- Do staff members speak languages other than English?
- Is there a visitors' day for parents? Are parents able to arrange a visit other than on visitors' day? Are parents able to call? Are computers and email access allowed?
- If possible, visit the camps the year before you will be sending your child.
- How is information concerning children's progress shared with parents and/or schools after the camp season?
- What can you as the parent share with the camp that will be helpful?
- What system exists for laundering of clothing?
- Would you like your child to be included with children without disabilities for all or part of the day?
- What payment options are offered by the camp (scholarship, sliding scale, payment plans)? (See below for more information on financial aid.)

## About

### Acerca de rdsn

Recursos para Niños con Necesidades Especiales (RCSN, por sus siglas en inglés) es el sustento anual de decenas de miles de familias neoyorquinas con niños y jóvenes (edades de 0 a 26) que tienen necesidades especiales de cualquier tipo.

Nosotros ayudamos a las familias y jóvenes neoyorquinas a desarrollar conocimiento, habilidades y confianza para tomar decisiones informadas, acceder y navegar sistemas y servicios desafiantes, y abogar por ellos mismos y por otros jóvenes. RCSN ayuda a los educadores y a otros profesionales a aliarse efectivamente con las familias y llevar la voz de las familias al proceso legislativo.

Siendo un Centro Federal de Información y Capacitación para Padres, RCSN también lidera los Centros de Educación Especial para Padres del Estado de Nueva York en Manhattan y en el Bronx.

Uno de los objetivos de RCSN es ayudar a garantizar que los niños y jóvenes con discapacidades y necesidades especiales disfruten veranos productivos y exitosos. Esperamos que los *Campamentos 2013* ayuden a los padres, niñeras y profesionales a localizar programas de verano apropiados.

*Campamentos 2013* incluye campamentos internos, externos, remediales y turísticos, y otros programas de verano, así como información sobre programas especiales en Nueva York para niños y adolescentes.

**Renuncia de responsabilidad: Por favor tenga en cuenta que RCSN no es una agencia certificadora. Es una organización sin ánimo de lucro independiente. No recomendamos ningún campamento o programa. Le recomendamos a los padres tomar decisiones educadas y cuidadosas al seleccionar el programa de verano adecuado (vea "Sugerencias y Preguntas al seleccionar un campamento" más abajo).**

*Campamentos 2013* tiene la intención de server como una fuente actualizada de información. Las descripciones de los programas fueron publicadas por los mismos campamentos. Recomendamos que usted llame para confirmar los detalles así como información de fechas actuales y tarifas.

Motivamos a los padres, niñeras y profesionales a realizar su propia búsqueda para localizar nuevos programas y esperamos que ellos compartan esa información con los demás. Le damos la bienvenida a todos los recursos de información y retroalimentación.

¡Que tengan un maravilloso verano!

## Preguntas que debe hacer al seleccionar un campamento

Puede ser divertida y saludable, y puede ofrecer oportunidades para desarrollar nuevas habilidades y amistades.
