Tradition • Pride • Vision • Excellence

Welcome to Wantagh Schools

An Important Part of Community Life

Our public schools are a vital part of our community life in Wantagh. We have a strong investment in education, and our schools are tangible evidence of that investment. Community members are invited to take advantage of our excellent facilities, enjoy our many athletic, cultural, social and educational functions, and join us in helping to maintain an atmosphere that is conducive to education.

The Wantagh Board of Education

One way to become a part of the educational process is through participation in the meetings of the Board of Education. The monthly business meetings and planning sessions are designated on the calendar and district website. A portion of every business meeting is set aside as a forum for community members to raise questions, make comments and bring matters of concern to the attention of the Board of Education. The Board of Education encourages community members to attend these important meetings. Planning sessions serve as opportunities to observe the working sessions of the Board.

Our Instructional Program

The Wantagh instructional program at all district schools goes beyond the minimal requirements established by New York State. In addition to providing a basic, districtwide curriculum that is both nurturing and demanding, all elementary and middle schools develop special programs designed to meet the individual needs of their students.

Our high school offers many programs and boasts a 99% graduation rate. More than 95% of the high school graduates go on to institutions of higher learning, including a large number of the more selective four-year colleges. An extensive variety of course offerings enables students to find suitable programs appropriate to their interests and abilities. Qualified students may choose from a number of Advanced Placement courses. Students are encouraged to supplement their academic requirements with a variety of elective courses, which may include business, vocational and career offerings. It should be noted that colleges are interested in a well-rounded student whose high school experiences go beyond the academic requirements.

Physical Education, Health and Athletics

Physical Education is an integral part of the total education experience, which contributes to the development of our students through physical activity. Our program is a foundation of sequential learning experiences that are geared to the developmental needs of each student. The Physical Education Department seeks to develop skills, confidence, a positive sense of self-esteem, appreciation of one's own skill level, body awareness and cooperative effort through participation in a variety of movement experiences in a healthy, competitive and enjoyable environment.

The Health education curriculum exposes our students to key concepts on how to properly maintain and promote a healthy lifestyle in a continually changing environment. Throughout the curriculum, there is a premise of developing positive behaviors while cultivating more productive members of society with an emphasis on eliminating behaviors that negatively affect a healthy lifestyle and place an individual or individuals at risk.

Our interscholastic athletic program offers a wide variety of sports for both boys and girls at the modified, junior varsity and varsity levels. The Wantagh athletic program has had and continues to have great success at the local, county and state levels.

The Arts

The arts play an integral part in the Wantagh School District curriculum. Performing instrumental and choral music instruction begins midway through the elementary grades and continues through grade 12. Secondary courses in drama, musical theater, music theory and audio engineering allow students to explore their music and performance interests in greater detail. All students participate in art starting in kindergarten. The secondary art program allows students to create and explore their artistry in depth through every medium. This extensive program includes courses in fine art, digital computer-based art and 3D art.

AP Capstone

Wantagh High School is one of more than 600 schools worldwide to implement AP Capstone — an innovative diploma program that allows students to develop the skills that matter most for their future college success: research, collaboration, and communication. The program includes a two-course sequence: AP Seminar and AP Research. Developed in direct response to feedback from higher education faculty and college admission officers, AP Capstone complements the in-depth, subject specific rigor of Advanced Placement courses and exams. Students who complete AP Seminar and AP Research with scores of 3 or higher, and receive scores of 3 or higher on four AP Exams in subjects of their choosing, will receive the AP Capstone Diploma. Students who earn scores of 3 or higher on the two AP Capstone exams but do not take or earn qualifying scores on four additional AP Exams will receive the AP Seminar and Research Certificate.

Co-curricular Activities

Wantagh students are encouraged to explore areas of personal interest via clubs and activities. In addition, students are provided with avenues for offering community service. Clubs meet throughout the year under the guidance of a faculty adviser. Students can explore diverse interests, from science and computers to video technology and photography. Whether expanding their creativity or enhancing their studies, students' involvement in co-curricular activities is an important part of their personal development.

Gifted and Talented

The Horizons Program offers identified elementary students in grades 3-6 a specifically designed program of enrichment activities. Secondary students are offered rigorous courses including Advanced Placement and college-level courses, which enable students to obtain college credits while attending high school.

Guidance

Guidance services are designed to help students maximize their school experience and succeed academically and socially. At the elementary level, principals work with teachers, guidance and support personnel, parents and the community to resolve issues that may interfere with school performance. At the secondary level, guidance personnel and pupil personnel providers monitor student progress and assist students in planning their programs of study.

Counseling

Counseling is the primary guidance service provided at all the schools within the district. Counseling sessions are conducted through classroom presentations, small group gatherings and individualized meetings. The student-counselor relationship allows students to express their ideas and feelings, and we encourage students to reach out to their counselors as needed.

College Admission & Scholarship Testing

The Wantagh High School guidance department has extensive resources to help both the college bound and career-minded student in making decisions about the future. Using the Naviance system, guidance counselors work with students and their families to share information about post-secondary opportunities available, including information relative to financial aid and scholarships.

During the year, examinations such as the Advanced Placement examinations, Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) and the Scholastic Aptitude Test (SAT) are administered. Guidance Counselors assist students in selecting the appropriate examinations and test dates, with complete registration information distributed at the high school.

New Residents and Central Registration

Children residing with parents or a legal guardian within the district are eligible to attend the Wantagh Public Schools. Children who are residents will be admitted to school provided that the parent or guardian provide the proper documentation which is listed on the Central Registration page on the district website. If a parent or guardian has residency questions, they may call the PPS office at 516-765-4165.

Kindergarten Registration

The child to be registered for kindergarten must be 5 years of age on or before December 1 of the school year of entry. Registration will be held the beginning of December. Please see our website for details, and for any additional requirements and information concerning kindergarten registration and admission. Physical and immunization forms are available on the nurse's website for each building.

Student Records

The Family Educational Rights and Privacy Act entitles parents of students under the age of 18, and students or graduates age 18 or older, to review, obtain copies (for a reasonable fee) and challenge the accuracy or fairness of the student's educational records. Complaints regarding the district's failure to make records available and/or to respond to challenges about accuracy or fairness should be forwarded to the superintendent's office. Any subsequent complaints may be filed by email to FERPA.Complaints@ed.gov or mailed to U.S. Department of Education Student Privacy Policy Office 400 Maryland Ave, SW Washington, DC 20202-8520.

Free and Reduced-Price Lunch Policy

The Board of Education, in conjunction with the National School Lunch and Free Milk Program, makes free lunch, free milk and reduced-price lunches available for students whose families qualify under specific guidelines. Families who are eligible include those whose annual income meets specified criteria or whose temporary circumstances are such that they might qualify. Confidentiality is assured. For further information, contact the Food Services Director at 516-765-4275.

Twilight Academy

The Twilight Academy is an alternative high school program which runs in the after-school hours, Monday through Thursday. Students who attend the Twilight Academy benefit from a nurturing environment that supports academic achievement and social-emotional health. Parents or any staff member may refer a student for an entrance screening to this program. Please direct your questions or inquiries to the principal/coordinator at 516-765-4417.

PUPIL PERSONNEL SERVICES

Special Education, 504 Committee, English as a New Language (ENL) and Health Services.
Assistant Superintendent for PPS - (516) 765-4160

Special Education

A broad continuum of academic programs and services are offered through the Wantagh School District's comprehensive special education program. The Committee on Special Education meets to review student data and recommend services, which can include but are not limited to academic programs, related services, social-emotional and behavior support, and parent training.

Section 504 of the Rehabilitation Act

Section 504 ensures that students with medical conditions or disabilities receive supports so that they are able to access their education. If you have a child you feel may require accommodations or modifications to access their education, please contact your building psychologist to discuss the process for requesting a 504 plan.

HEALTH SERVICES

Nursing

School nurses are assigned to each building and implement the health services program. Our nurses provide general first aid, vision and hearing screenings, train staff on precautions related to certain medical conditions, and work with the Committee on Special Education and the 504 Committee to support students with unique medical needs. By helping to maintain the physical well-being of our students, nurses play a vital role in the children's total school experience.

Administration of Medication

New York State Education Law and Public Health Law strictly prohibit the administration of any prescribed or over-the-counter medication to students without an order from a health care provider and written parent permission. Permission forms may be obtained from the school nurse or the health care professional may write this order on his/her stationary. Medication must be in its original container, properly labeled by the pharmacist and delivered to the school nurse by the parent and/or guardian.

Medical Examinations and Health Screenings

Annual medical examinations are required of all students in grades K, 1, 3, 5, 7, 9 and 11 and for all new entrants to the Wantagh School District. Physical forms are available on the district website and the health offices. Students for whom this information is not provided will be examined by the school physician. Unless documented on the physical examination, vision and hearing screenings are completed for new entrants and students in grades K, 1, 3, 5, 7 and 11. Color perception is screened in kindergarten. Scoliosis screening is completed for girls in grades 5 and 7 and boys in grade 9.

English as a New Language/English Language Learners

As per Part 154 of the Commissioner's Regulations (CR Part 154), Wantagh School District has developed a Comprehensive ELL/MLL Education Plan (CEEP) to meet the educational needs of English Language Learners (ELLs)/Multilingual Learners. Academic support is provided

to students who meet the criteria for this support. Parents and/or guardians who suspect that their child may require this support may contact the Director of Humanities at 516-765-4281.

Homebound Instruction

Students who are unable to attend school for reasons of illness or injury may be entitled to home instruction. The projected absence must be for a minimum of four weeks to be eligible. Forms may be obtained from the school principal and/or school nurse. Forms should be returned and accompanied by a note from a health care provider indicating the projected length of absence.

Serving the Whole Child

In addition to its full instructional program, the Wantagh School District provides support services to meet the needs of all students. This may include but is not limited to counseling, mentoring, mindfulness training and socialization groups. Collaborative efforts from the Pupil Personnel, Guidance and Physical Education/Health Departments, along with building administration and staff, ensure that students receive the social-emotional support needed to maintain healthy minds and bodies.

Child Find

As per Part 200 of the Commissioner's Regulations and pursuant to PL-99-457 and Section 4410 of the Education Law, any parent or guardian that has a child 21 years old or younger with a disability or suspected disability may refer the child for an evaluation by the Committee on Special Education to determine eligibility for special education programs and services. If you have questions or would like to discuss referring your child for special education, please contact:

Committee on Preschool Special Education (CPSE) & Committee on Special Education Elementary (CSEE) – (516) 765-4163

Committee on Special Education (CSE) – Secondary Programs – (516) 765-4240

Additional information on the referral process may be found at the following NYSED website: <http://www.p12.nysed.gov/specialed/publications/policy/parentguide.htm>

Title IX and Section 504 Nondiscrimination Notifications

In compliance with the provisions of Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and other nondiscrimination statutes, the Wantagh School District advises students, parents, employees and the general public that it offers employment and educational opportunities, including vocational opportunities, without regard to race, color, creed, weight, national origin, ethnic group, religion, religious practice, political affiliation, age, marital status, military status, veteran status, disability, sex, sexual orientation or gender.

For procedures regarding grievances under Title IX, contact the Title IX Compliance Officers: the Director of Human Resources at 516-765-4132 or the Assistant Superintendent for PPS at 516-765-4160. For procedures regarding grievances under Section 504, contact the Assistant Superintendent of Pupil Personnel Services at 516-765-4160.

Transportation

The policy of the Wantagh Board of Education regarding transportation of public and nonpublic school students requires that eligibility be determined according to the distance from the student's legal residence to the school of attendance.

Transportation is provided as follows:

Kindergarten through grade 5	Over 0.5 mile distance
Grades 6 through 8	Over 0.88 mile distance
Grades 9 through 12	Over 1.24 miles distance

Those desiring transportation to a nonpublic school must file an application on our website at www.wantagschools.org on or before April 1, preceding the fall term of the school year. An exception is made for families moving into the district after April 1, who have 30 days after establishing residency to file an application for transportation. First-time enrollees in a nonpublic school shall be permitted to submit their application by June 30. In the event of a late filing, transportation services will be provided only upon the recommendation of the administration and approval of the Board of Education. Transportation will be provided to eligible students the following September up to a distance of 15 miles. Please contact the Transportation Supervisor at 516-765-4155 for additional information.

School Bus Safety

To ensure the safe transport of our students, all passengers must adhere to the following important regulations:

- Show bus pass when entering the bus.
- Cross 10 feet in front of the bus and wait for the driver's signal to cross.
- Cross in front of, not behind, the bus.
- Keep head and arms inside the vehicle at all times.
- Remain seated until the bus comes to a full stop.
- Enter and leave the bus only when it is completely stopped.

Remember, the safety of our bus-riding students is a cooperative effort of the community, parents, drivers and bus companies.

Emergency School Closing

When schools are closed in an emergency or due to inclement weather, announcements will be posted on the district website and via our School Messenger system.

During winter months, travel may become hazardous due to icy roads. Later, these hazardous conditions could rectify as the temperature rises. Under such circumstances, the Superintendent of Schools may delay the opening of school. In case of a delayed opening, students should arrive at their bus stops based upon the designated delay.

Delayed-Opening Time Schedules

In the event that the district delays its openings, the following arrival times reflect one-hour and two-hour delays. Please note that, under the delays, all before-school activities will be canceled.

WANTAGH HIGH SCHOOL

One-Hour Delayed Opening: Report to Period 1 – 8:37 a.m.

Two-Hour Delayed Opening: Report to Period 1 – 9:37 a.m.

WANTAGH MIDDLE SCHOOL

One-Hour Delayed Opening: Report to Period 1 – 9:16 a.m.

Two-Hour Delayed Opening: Report to Period 2 – 10:16 a.m.

ELEMENTARY SCHOOLS

One-Hour Delayed Opening: Arrival Time – 10:15 a.m.

Two-Hour Delayed Opening: Arrival Time – 11:15 a.m.

SCOPE DELAYED-OPENING INFORMATION

The SCOPE Before-School Program will be closed on delayed openings. For further information, call SCOPE at 631-360-0800.

District Philosophy: A Sound Educational Environment

The philosophy of the Wantagh Public Schools is to help all children develop their full potential so that they can take their place in society as productive, well adjusted, responsible citizens. Family, school and community must join together to use all resources available to meet the immediate needs of basic education and the continuing challenge of lifelong learning in our rapidly changing society.

The school is a community, and we all have a responsibility to uphold the rules and regulations to assist in its smooth functioning. Discipline can be viewed essentially as a matter of self-control. Additionally, students who feel good about themselves – with strong feelings of self-worth – will be better able to develop self-discipline and contribute to the school community.

In accordance with the requirements of the NYS Education Department, the Wantagh School District has a written district Safety Plan, a Dignity Act Policy and a Code of Conduct which define discipline, rights, responsibilities and consequences on the elementary, middle and high school levels. Copies of these plans and policies are available in each school office and on the district website, www.wantaghschools.org.

Internet Use and Safety Policy

Parents and guardians should be familiar with the Internet Use and Safety Policy, which is available on our website. To protect all users, the Internet Use and Safety Policy contains restrictions on accessing inappropriate material on the internet through the district's computer network. Parents or guardians may specifically request that the district not allow their child to have internet access on the district's computer network. Such a request must be made in writing, signed and dated by the parent(s) or guardian and delivered to each student's building principal.

Dignity Act

The Wantagh Board of Education recognizes that safe and supportive learning environments can increase student attendance and improve academic achievement. A student's ability to learn and achieve at high academic levels and a school's ability to educate students are compromised by incidents of discrimination and harassment including, but not limited to, bullying, cyberbullying, taunting and intimidation. Therefore, in accordance with the Dignity Act, the district will strive to create an environment free from discrimination and harassment. The district will also foster civility in the schools to prevent and promote conduct consistent with the district's educational mission.

The district condemns and prohibits all forms of discrimination and harassment based on actual or perceived race, color, creed, weight, national origin, ethnic group, religion, religious practice, political affiliation, age, marital status, military status, veteran status, disability, sex, sexual orientation or gender by school employees or students on school property and at school-sponsored activities and events that take place at locations off school property. In addition, any act of discrimination or harassment, outside of school-sponsored events, that can reasonably be expected to materially and substantially disrupt the education process, may be subject to discipline.

Two employees at every school have been designated as Dignity Act Coordinators as follows:

Districtwide	Dr. Stephanie Scolieri
Wantagh High School	Dr. Paul Guzzone and Nick Pappas
Wantagh Middle School	Anthony Ciuffo and Dr. Tracy Zelenetz
Forest Lake Elementary School	Jessica Zimmer and Erin Bogart
Mandalay Elementary School	Marie Pisicchio and Maria Maleganos
Wantagh Elementary School	Dr. Randee Bonagura and Dr. Meredith Protzel

The district will promptly investigate all complaints of discrimination and harassment and take corrective measures, as necessary. Complaints will be investigated in accordance with applicable policies and regulations. If, after an appropriate investigation, the district finds that this policy has been violated, corrective action will be taken in accordance with district policies and regulations, the Code of Conduct and all appropriate federal or state laws.

Training will be provided during each school year for all district employees in conjunction with existing professional development training on awareness, sensitivity and reporting acts of harassment and discrimination.

Attendance

Regular attendance is important to the learning process. While it is recognized that students learn from many sources, it is the philosophy of the Wantagh School District that the classroom learning environment is a key component of the success of students. The interaction between students and teachers, and among students, adds an in-depth dimension to the learning process. Therefore, regular attendance and classroom participation through classwork, classroom discussions and homework are imperative.

Students are expected to comply with all state regulations in regard to attendance. Absence for religious observance shall be permitted under rules established by the NYS Commissioner of Education.

The Wantagh School District defines a legal absence as illness, death in the family, impassable roads or weather, religious observance, quarantine, required court appearances, school-sponsored events, attendance at a health clinic, attendance at an approved cooperative work program, an approved college visit or military obligations.

Absence or tardiness for any reason not cited above will be regarded as illegal. A child who does not attend school for other than a lawful reason will be deemed truant and will be disciplined in accordance with the district disciplinary code and the regulations of the school.

The absence or lateness of a student must be reported. Messages can be left on our voicemail message system, which is in operation 24 hours a day. Parents must still provide a written notice for each absence or lateness upon the student's return to school.

Attendance Phone Numbers:

Wantagh High School	516-765-4200
Wantagh Middle School	516-765-4300
Forest Lake Elementary	516-765-4400
Mandalay Elementary	516-765-4500
Wantagh Elementary	516-765-4600

Days of Religious Observance

The Wantagh School District recognizes numerous days of religious observance throughout the year. Students may be excused on these days upon prior written request of the parent or guardian. It is the student's responsibility to make up any work provided on that day. New material may be introduced, and homework and tests may be given to students who are not observing the holiday. Observing students will be given sufficient time to make up homework or tests. No major evening events that would require student participation will be scheduled. Throughout this calendar, those holidays will be marked by the symbol (DRO), for Days of Religious Observance. Jewish and Islamic holidays begin at sundown on the eve of the holiday.

Vandalism Hurts All of Us

Vandalism in our schools hurts all of us. Students, teachers and community members lose the opportunity to utilize needed equipment or educational materials. The community as a whole suffers, not only because the climate of our schools is compromised, but also because the school district must bear the financial burden of this senseless vandalism.

The Wantagh Board of Education will adhere to a stringent policy on vandalism for any individual who is apprehended for loitering on or vandalizing school district facilities. Parents and legal guardians will be held liable for willful, malicious or unlawful acts committed by children over 10 and younger than 18 years of age, in accordance with state law. Charges will not be dropped when brought to court, and the district will prosecute to the fullest extent of the law.

If such acts of destruction do occur, and the identity of the perpetrator is determined, the administration will seek to recover the cost of damages from parents or legal guardians. If recovery cannot be made, the administration will authorize counsel to bring a cause of action in the civil court to obtain a judgment to recover damages.

Remember – vandalism hurts everyone. If you see an act of vandalism in progress, call 911 immediately.

Registration and Voting

Voting in the annual school budget election is an important opportunity not only for exercising one's constitutional rights but also to ensure one's role in the future of our educational system in Wantagh. Complete information about registration and voting procedures is distributed in advance of the annual election via the district's budget brochure, which is mailed to all residents. This information is also posted on the district website. Individuals interested in additional information may contact the District Clerk at 516-765-4103.

Parent Associations

The Wantagh School District is proud of the strong partnerships it has forged with our parents. We believe that quality education is not possible unless school and home work together. Our parent associations on both the elementary and secondary levels provide us with generous and consistent support. Their creative and tireless efforts enhance the social, educational and cultural resources at each of our schools while offering a unique forum for parents to become more directly involved in the education of their children. We urge all parents to become members of these important groups and join the Wantagh School District as active partners in education.

Parent Association Presidents

Forest Lake PTA – Katie Savage and Laura Graci
Mandalay PTA – Suzanne Dressler and Danielle Terravecchia
Wantagh School PTA – Vinny Petrillo and Bridget Nerses
Wantagh 6-12 Association – Chrissy Rothhaupt and Jennifer Tragna
SEPTA (Special Education PTA) – Liz Beatty and Tricia Williams
PTA Council – Cyndy Ambrosio and Kim Sandoval
Booster Club (Athletics) – Lisa Giacometti and Kristen Konecky
WDPAA (Wantagh Drama Parents & Alumni) – Kim Schroh and Susana Tobia
Band Wagon (Music) – TBD

The Wantagh Foundation for Educational Excellence

A nonprofit independent organization founded by Wantagh residents and business leaders in 1993, the Wantagh Foundation for Educational Excellence was created to mobilize community support, commitment and resources to enhance public education in the Wantagh community. The foundation's goals are to provide this financial and creative support to the Wantagh Schools by identifying and mobilizing resources, fostering partnerships among school, community and industry, and enhancing cooperation and understanding while encouraging innovation and creativity in meeting the challenges facing public education.

The foundation's summer recreation program provides children with a fun, enriching experience where participants are supervised at all times by certified teachers and high school or college counselors. The foundation's Technology Center is the venue where middle school students teach computer courses to senior citizens on designated Saturdays, as shown on the district calendar.

Foundation programs provide a strong element of community service as a vehicle for encouraging civic pride and personal accomplishment. Its major emphasis is the raising of funds to support these community-based programs. For more information regarding the Wantagh Foundation, call 516-308-7859 or visit their website <https://www.wantaghfoundationfee.org/>

Property Tax Exemptions

Tax exemptions may be obtained by property owners under certain circumstances. To determine if you are eligible, application must be made to the Nassau County Department of Assessment, 240 Old Country Road, Mineola NY 11501, (516-571-1500), www.nassaucountyny.gov/assessment.

Senior Citizens Discounts

The senior citizens of the Wantagh School District community have made tremendous contributions to the character of Wantagh. We welcome them as important members of our school district family and extend to all residents, 65 years of age or older, an invitation to be guests at all school-sponsored activities and functions. These include athletic events, plays, carnivals, concerts, etc. that are held on the campus of the Wantagh School District.

The district encourages participation in these events by the community's senior citizens by offering free admission to the aforementioned functions with a valid local ID shown at the time of admission.

Student Photographs

From time to time, the district takes photographs and videos of its students and parents to use in district publications, press releases and/or other media. If there is any reason that you would object to such inclusion, please contact the Superintendent's Office at 516-765-4120.

Pesticide Notification

New York State Education Law Section 409-H requires all public and nonpublic elementary and secondary schools to provide written notification to all parents and persons in parental relation and to all staff regarding the potential use of pesticides throughout the school year. The Wantagh School District has taken the nonpesticide approach to pest control, known as an integrated management program.

The district maintains a list of persons who wish to receive 48-hour notification of certain pesticide applications. If you would like to receive this 48-hour notification of pesticide applications that are scheduled to occur in our schools, please contact our Director of Facilities at 516-765-4150 for a notification request form. Forms are routinely mailed to households of all students prior to the start of school.

Asbestos Notification

In accordance with 40 CFR §763.84.c, regard this statement as the district's annual notification to all workers, students and/or their legal guardians that the district continues to maintain its Asbestos Management Plan which documents all performed or planned asbestos-related inspections, response actions and postresponse action

activities, including periodic reinspection and surveillance activities within the school district. A copy of this AMP is available for review and/or inspection at the district's facilities office.

Community Use of School Facilities

Nonprofit community organizations are welcome to utilize our school facilities according to specific policies set forth by the Board of Education. Applications for facilities use can be found on the district website, and inquiries should be directed to our Director of Facilities at 516-765-4150.

While the Board of Education encourages community groups to use our school facilities according to our guidelines, school-sponsored activities must always take precedence in scheduling the use of buildings and grounds.

Parent Portal

The Infinite Campus Parent Portal is a secure web-based management system that gives parents/guardians and students online access to their child's school schedule, profile, attendance and report cards. Parents of students in grades 6-12 may view the individual grades as posted, and parents of students in grades 11-12 may also view a draft of their child's transcript.

To find the Parent Portal, go to the district website and click on "Parent Portal." To register for an account, please send an email to parentportal@wantaghschools.org.
